In Search of ... **FOUNDATIONS**

Housed in the middle of the UW-Stout campus, the center will be modern and will truly meet the needs of the Stout community. The Student Center should prove to be the "center of it all."

Paving the way for even greater classroom and office expansion, Bowman Hall was opened this year. The restored building brought more classroom space and became the new home

With every search there must be a beginning — a basic idea or foundation. UW-Stout is no exception. In an attempt to predict the future needs of UW-Stout, many people began molding the campus in an attempt to meet those needs.

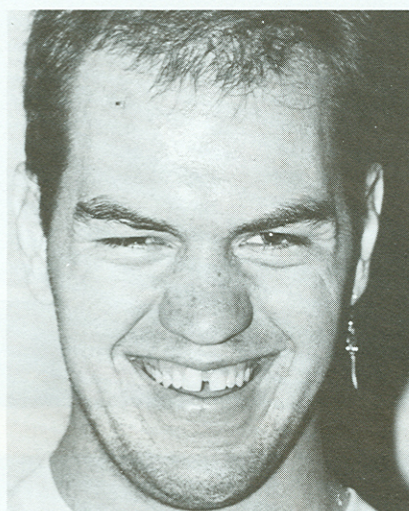

With good concrete ideas, work crews began building and developing the new Memorial Student Center.

of the Registrar's Office, Financial Aids Office and the Counseling Center.

With a basic building block to work with, Stout's former library became the home of the Vocational Rehabilitation building. The doors were opened to accommodate the needs of the disabled and provide additional classroom learning space.

In Search of ... **CLASS**

While 1984-85 was definitely modernistic, tradition was ever important at UW - Stout. Jeans continued to be a fashion staple. Brands, such as, Guess, Girbaud and Espirit lent a some what "new" touch.

Fluorescent clothing and hair made the campus light up and glow. In addition, Stout's female students added

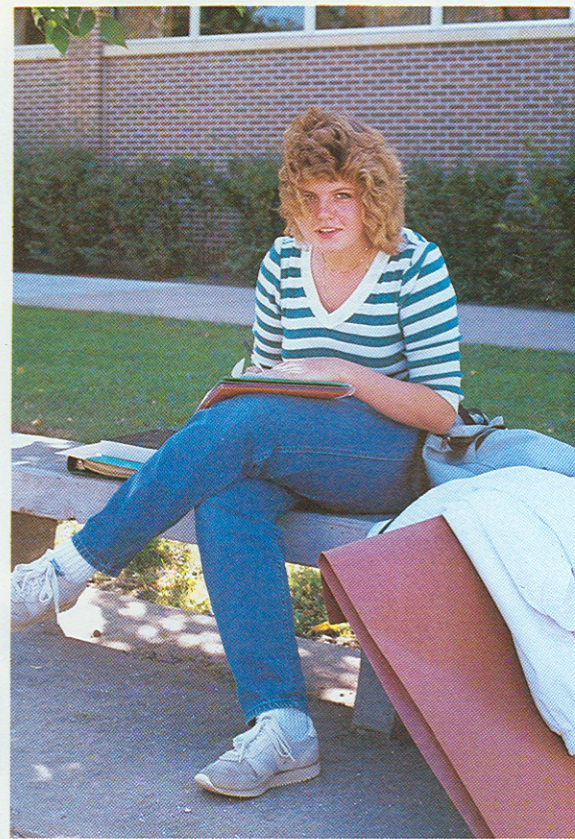

baggy, over-sized clothing to their wardrobe and even glued gold finger nails to their pinkies.

Many UW - Stout males added their unique sense of class to campus by piercing their ears and "letting their hair down" — by growing "tails."

VW's and over-sized Buick's still played their traditional role as "Classy"

transportation for students traveling around town.

Tradition, however, still seemed to reign. Sweats, penny loafers and straight-legged jeans were clearly defined and played their classical role on campus.

In Search of ... **IDENTITY**

While the usual class day brings about a mad dash from class to class, certain night time activities enable students to display their "true identities."

Homecoming week, sporting events, and Stout weekends, which begin on Thursday evenings, provide

flexibility and give students an opportunity to exhibit their special flair. This is often manifested in off beat styles, as seen in individualized dress and hairdos.

Other times the individuality and diversity are seen throughout campus simply by the various languages spoken

and actions presented. Menomonie is certainly the place to flaunt one's true colors.

Being away from school is a time when students show their own uniqueness and use the opportunities given to express themselves in a most original and creative fashion.

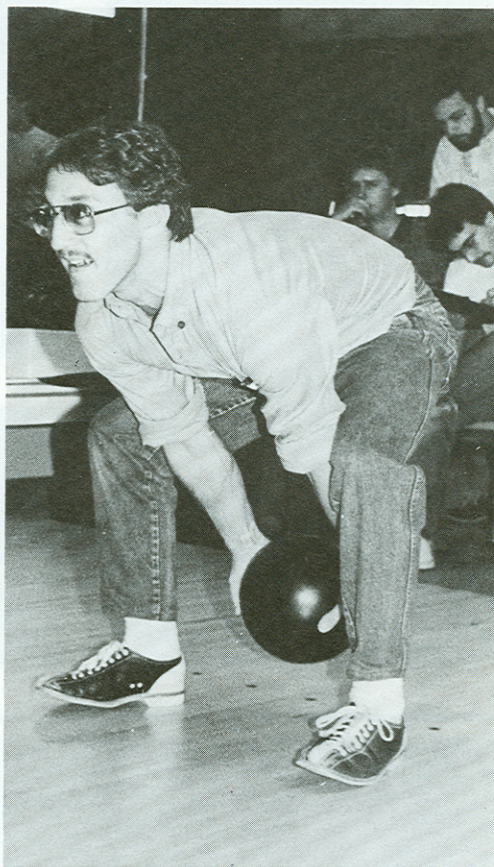

In Search of ... **ADVENTURE**

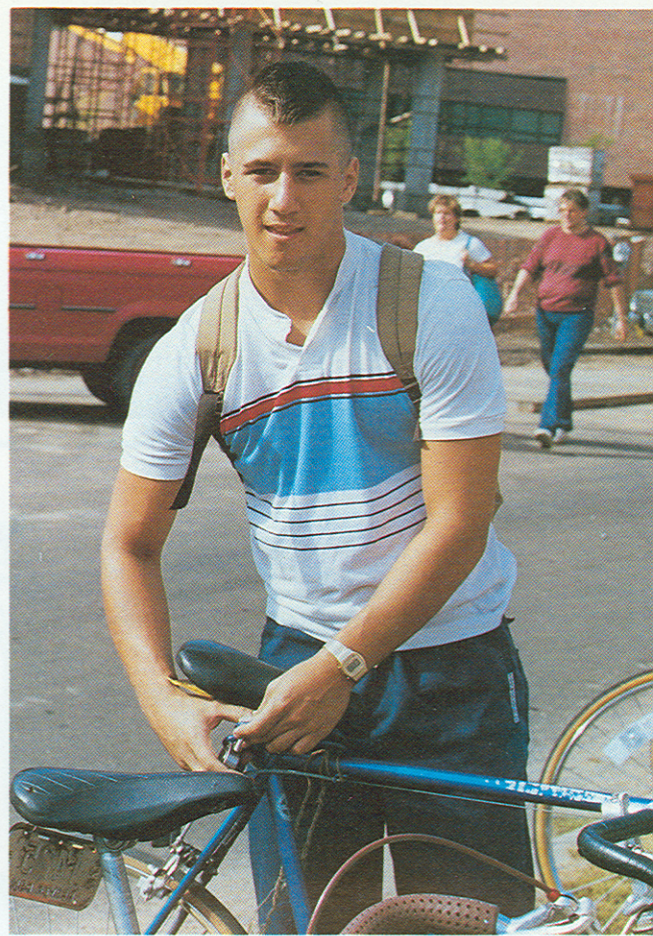

A large portion of the year was devoted to social growth and development. For the most part, our personalities matured and each of us continually were making plans for the future. Our anger, our love, our respect and our sensitivity are all shared with those around us.

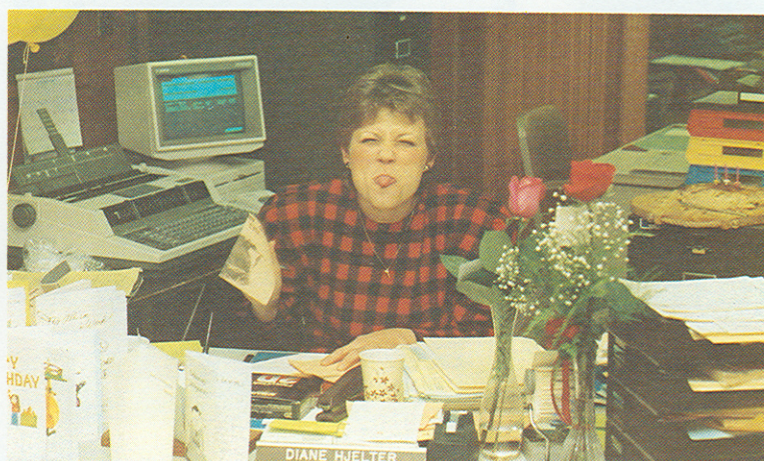

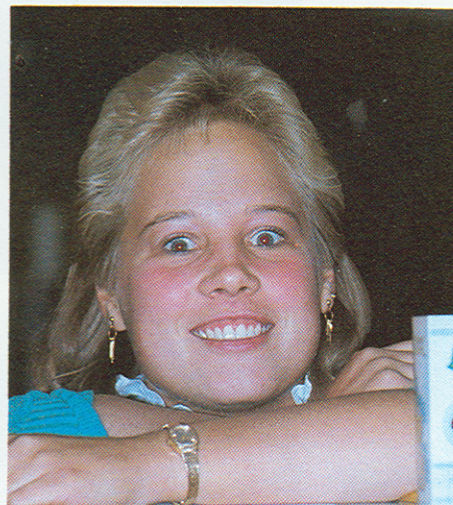

Our goal — graduation — often lead us to peculiar, yet exciting adventures. In an attempt to leave school behind, many adventures took us to the Mai Tai, Carriage House and even the Zooplex for example. Haunting Halloween parties, sports, and cars set us free from the mundane life of studying.

Our lives are reflected in our sense of adventure and our willingness to be spontaneous. We made choices and major decisions; however the adventures we had and will have at Stout will always remain with us.

In Search of ... **EXPRESSIONS**

From what now seems trivial but at one time was truly dramatic, we have learned to adjust and express ourselves through our experiences.

Smiles and a sense of happiness can be expressed by some through their consumption of alcoholic beverages or parties they attended. Others think of the guy or girl they scheduled their entire second semester around. Some

think of that special moment when some one gave them the chance to prove themselves; from getting a part in the school play to making the baseball team. Others will simply remember their friends and the crazy stunts they have pulled.

Being away from home for the first time or leaving that high school sweetheart, made it rough for many

UW-Stout students. A students first failing grade or being "stuck" in Menomonie due to treacherous weather conditions brought about many unhappy and distinctive expressions.

The careful consideration and the weighting of what is important, is the way in which we have learned to express ourselves.

In Search of ... **SOMETHING EXTRA**

1984 and 85 truly offered UW - Stout students a diversity of thoughts, philosophy, movement and motion.

"Big Brother is watching us," stated George Orwell in his 1984 classic novel *1984*, which pictured the morbid and computerized future of America — packed full of intruding cameras and a "programmed" public.

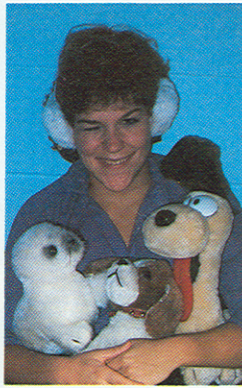

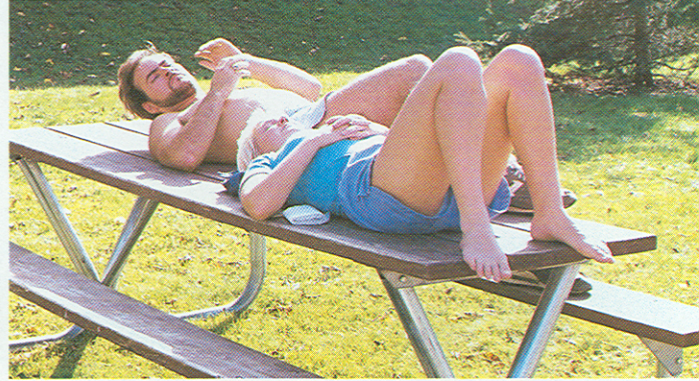

The likes of Bruce Springstein and Cyndi Lauper presented a colorful new image to the music industry. Springstein and Lauper dazzled us with down-home American flair and offered us something extra.

"Footloose" strengthened the popularity of dancing and resurrected the by-gone glitter days of disco. A new

form "breakdancing" tumbled onto the dance floor as millions have attempted to master the physical art.

The re-election of Ronald Reagan and the American victories at the Los Angeles Olympics seemed to strengthen our patriotism and reflected a need for something extra.

In Search of **EXCITEMENT**

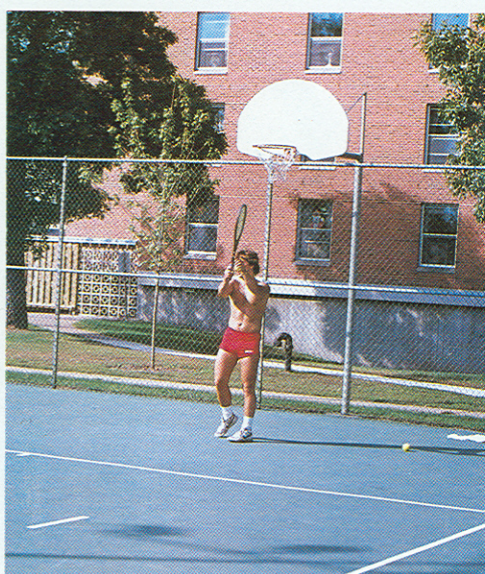

Those numerous Thursday night gatherings, a festive Homecoming and for some, the goal of graduation, made for one exciting year.

As the classroom doors opened in the fall Stout's study body entered with a unique sureness in themselves. Everyone had a positive attitude and seemed prepared for work. After

greeting old friends and making new ones, students settled themselves for the exciting tasks which lay ahead.

Soon the air chilled and students grudgingly made their annual preparations for the long winter ahead. The many inches of snow and the sub-zero temperatures failed to damper that UW-Stout spirit.

With sights on spring break, travel and graduation, the exciting search continued. As a matter of fact, the excitement never ceased. Graduates were able to face the exciting challenges which lie ahead in their future and undergrads felt reassured of the new challenges yet to be.

"How has UW-Stout assisted you in meeting your goals, your completed search?"

School of Home Economics

UW - Stout has the largest School of Home Economics in the United States. It has developed a national reputation by meeting the needs of students seeking a degree in Home Economics.

The School of Home Economics offers 10 undergraduate programs and 4 graduate degree programs. The undergraduate programs are Child Development and Family Life, Clothing, Textiles and Design, Dietetics, Early Childhood Education, Fashion Merchandising, Food Service Administration, Home Economics in Business, Home Economics in Education, Home Economics General, and Hotel and Restaurant Management.

The faculty of the School of Home

Economics are skilled professionals who aid in the preparation of students for their future professions in the world of Home Economics. Not only do the faculty and staff have advanced degrees in their professions, but many also have experience in the business world related to their specialized field.

The School of Home Economics is based on 90 years of tradition and a career-oriented philosophy. Because of its specialization, Stout offers a wider variety of Home Economics than most colleges or universities. It provides a solid education in liberal studies and the sciences in order to produce students who are creative and who will introduce new ideas to the field of Home Economics.

School of Education

The School of Education offers students a program that provides excellent preparation in the educational, vocational, social, and mental needs of both children and adults.

The School of Education offers three undergraduate programs. Psychology students are trained to contribute to improving human conditions seen today. Students are able to set vocational and professional goals that are within their reach. The students graduating in Psychology are skilled professionals in private agencies, education, business and industry.

Vocational Rehabilitation students acquire knowledge to help a wide variety of disabled people in many rehabilitation programs. The Vocational Rehabilitation program provides students with a sound career with many employment opportunities.

Special Education allows students to teach in public schools and rehabilitation centers. This program is special because it provides the students with actual course work and practical application in special education, vocational rehabilitation and vocational education.

Activities

RECREATION

Spare time - what do we do with it? A lot of the time it is used for recreation. Things to keep us occupied as well as in better physical shape while having fun doing it, all qualify as recreation. Basketball, broomball, bowling or a quick game of pool are fun time activities. Sometimes competition was just between floor members or friends. At other times intermural competition became the case with the stakes, such as trophies and t-shirts. Sometimes competition could get rough but the chance to just let loose for a while was the main objective.

PLAYS

Acting - the chance to pretend that you're someone you're not. This dream came true, for the students cast in UW - Stouts productions of "The Murder Room" and "Sweet Charity". Both plays received mixed reviews but never-the-less, the show must go on ...

Peter James

The topic, "How to Spy on the United States", was dealt with in the Harvey Hall Auditorium September 13th by ex-CIA agent Peter James. He spoke about how easy it is to spy on the United States. Besides dealing with the CIA, he also worked with the FBI, Russian spies, Air Force, and foreign intelligence agents during the past two decades.

Michael Carerra

On September 25th, Dr. Michael Carerra spoke in the Harvey Hall Auditorium to an enthusiastic crowd. The topic, "Sex: The Facts, The Acts, and Your Feelings", kept the audiences attention well. Carerra is the author of a book of the same name, chairperson for the Sex Information and Education Council of the United States and Professor of Health Education at Hunter College in New York. He serves as sex education consultant to the Planned Parenthood Federation of America. Carerra has appeared several times on national radio and television including Good Morning America and an ABC special on Parent-Teen Communication.

Maya Angelou

On February 14th singer, dancer, educator, author, historian, lecturer, actress, producer, and editor Maya Angelou came to Stout to speak on such topics as Equal Rights, The Arts, politics, and Women's Roles in Business. She has had five best selling books with her most famous being *I Know Why the Caged Bird Sings* which was also aired on CBS as a two hour special. She has written many articles published in national magazines and in 1976 was accorded the *Ladies Home Journal* Award "Woman of the Year in Communications".

University Speakers

Arthur Schlesinger

Pulitzer Prize winner and historian Arthur Schlesinger spoke on December 5th about the 1984 election and what it was all about. Schlesinger felt Reagan's victory was a personal one not a party sweep. "The state of the economy was Reagan's greatest asset", stated Schlesinger. Founder of and Vice-Chairman of Americans of Democratic Action as well as being a Professor of Humanities at City University of New York keep this author busy when not on the lecture circuit. He has written many books including *A Thousand Days: John Fitzgerald Kennedy in the Whitehouse* and *The Imperial*.

Maya Angelou

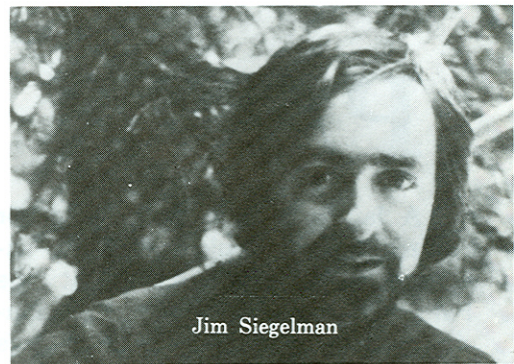

Flo Conway and Jim Siegelman

Holy Terror, the program by Flo Conway and Jim Siegelman, exposed the methods and goals of the religious/political crusade. They detailed the media tactics of the electronic church, the Moral

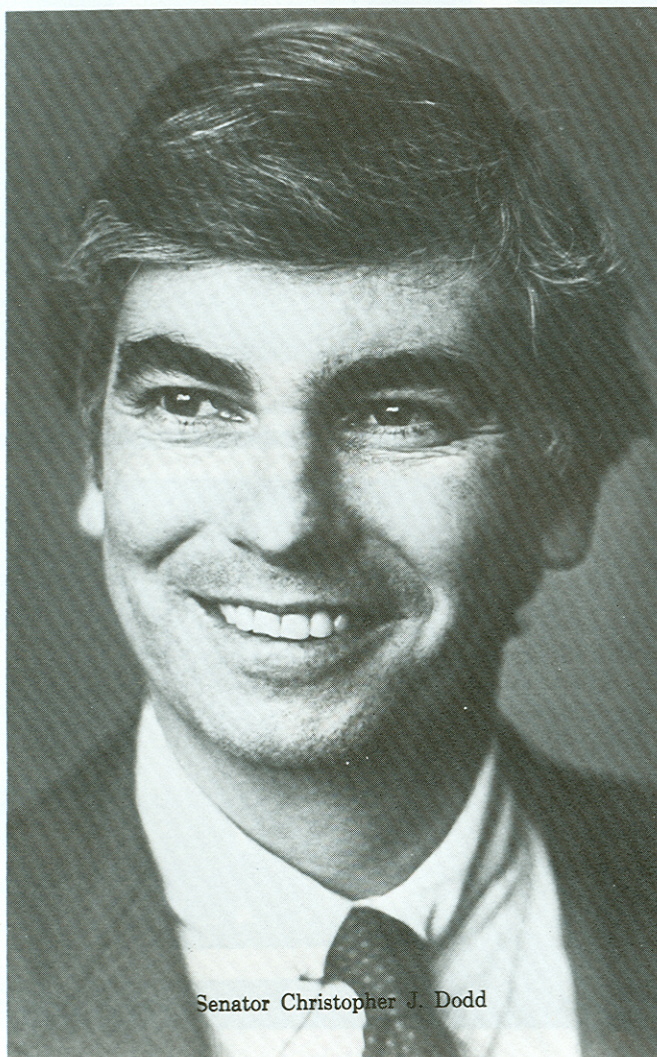

Majority, the New Right etc. They are the authors of *Snapping* which is about the religious cult phenomenon in today's society. They spoke March 5th in the Student Union Ballroom.

Flo Conway

Jim Siegelman

Senator Christopher J. Dodd

Senator Christopher J. Dodd

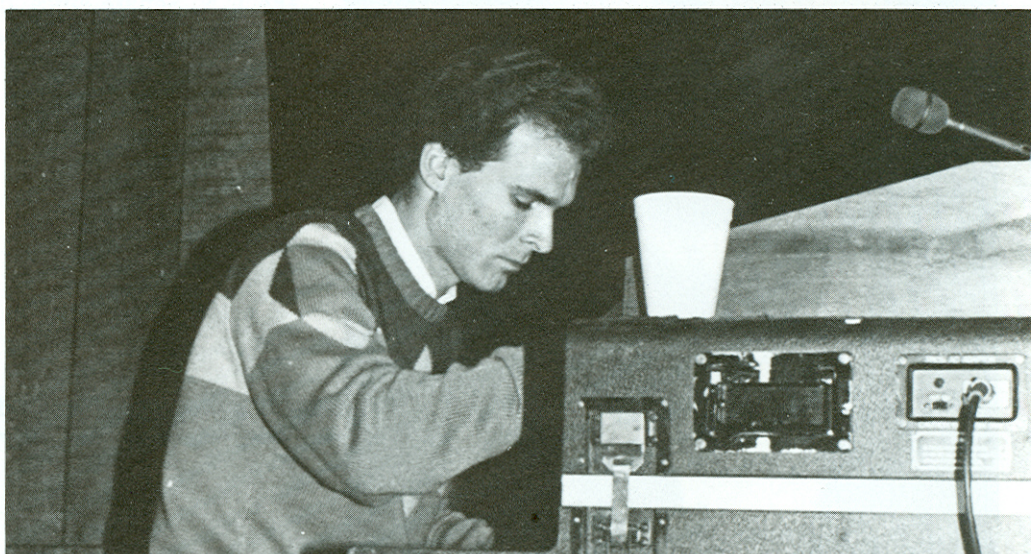

Senator Dodd of Connecticut spoke to an interested full-capacity audience October 15 in the Mabel Tainter Theatre on the topic of Central America. Senator Dodd has been known for his participation in criticizing Reagan's approach to the Central American issue. In April he was chosen by Democratic Congressional leaders to respond to President Reagan's address to Congress about Central America.

Dodd has served in the U.S. House of Representatives for six years and in the U.S. Senate since 1980. He also is a member of the Senate Foreign Relations Committee.

PAWN

A laidback Thursday, Friday, or Saturday night could easily be enhanced with entertainment at the Pawn. Singers, comedians, and musicians helped enlighten the Pawn stage with their talent while the audience could reflect in the type of atmosphere that made college "coffeehouses" famous.

Pawn entertainers travel from all over the country before reaching Stout. Variety is added to their performances through their experiences traveling and living in different parts of the country. Although few students take advantage of this fine entertainment, it does provide an alternative to an average night uptown.

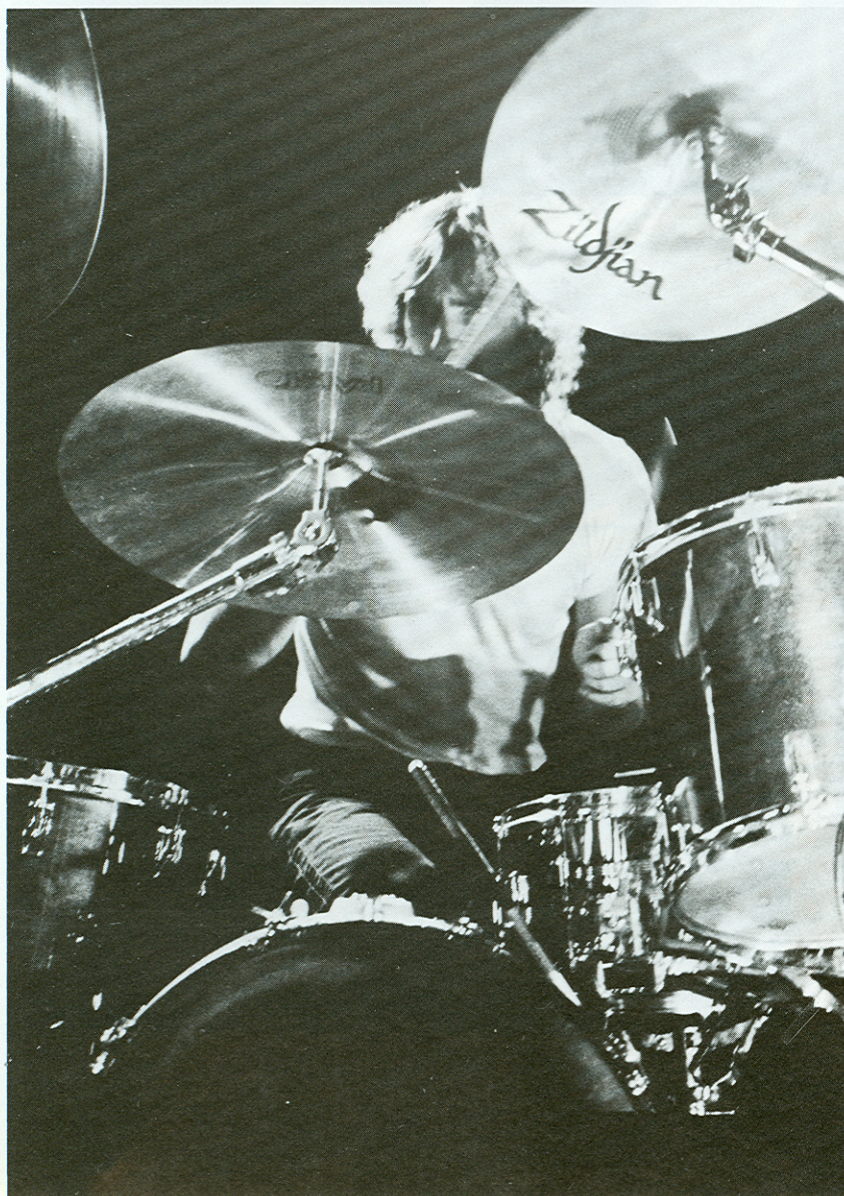

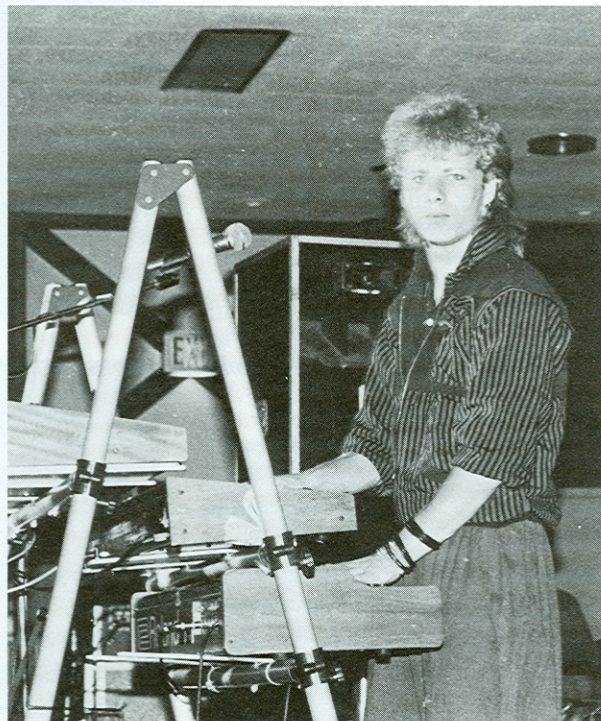

SNACKBAR BANDS

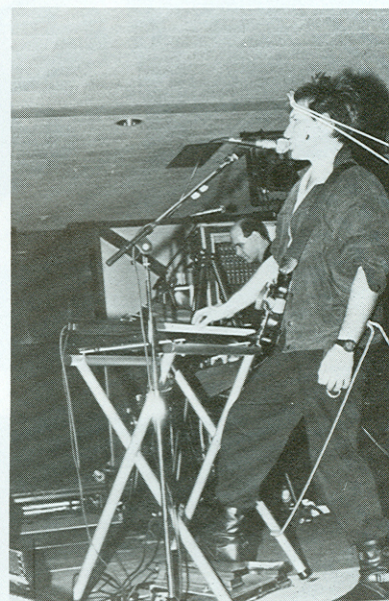

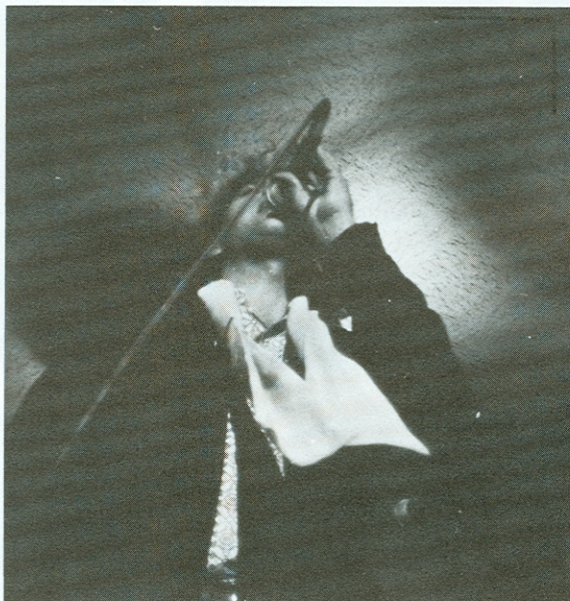

Bands such as Colour Radio, The Booze Brothers, and Star Search Grand Prize winners Limited Warranty performed for Stout students in the Snackbar this year. Students saw big name bands free of charge and enjoyed an evening of fine music and dancing if they wished. These bands and many others were brought to us by CMP or the University Programming Board.

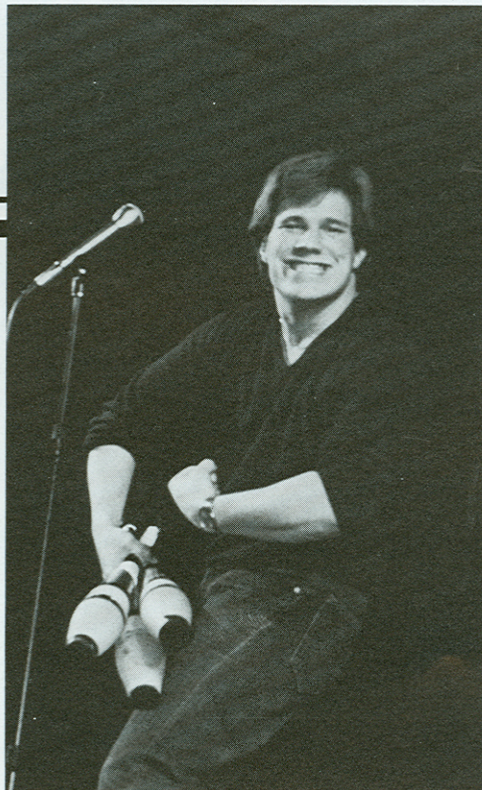

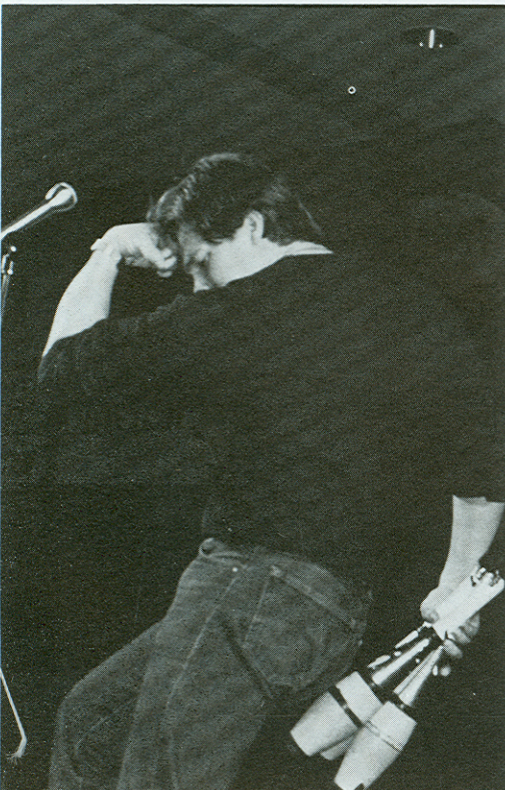

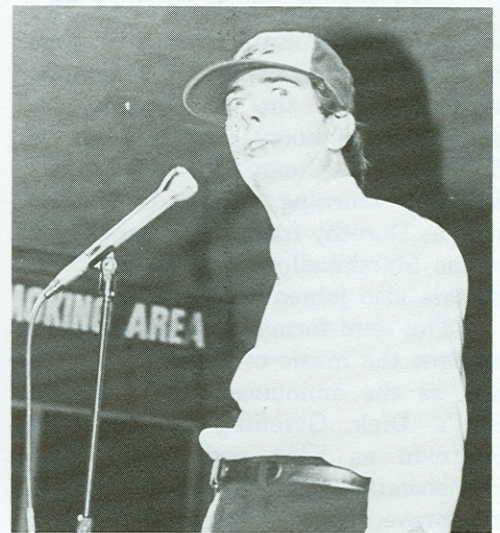

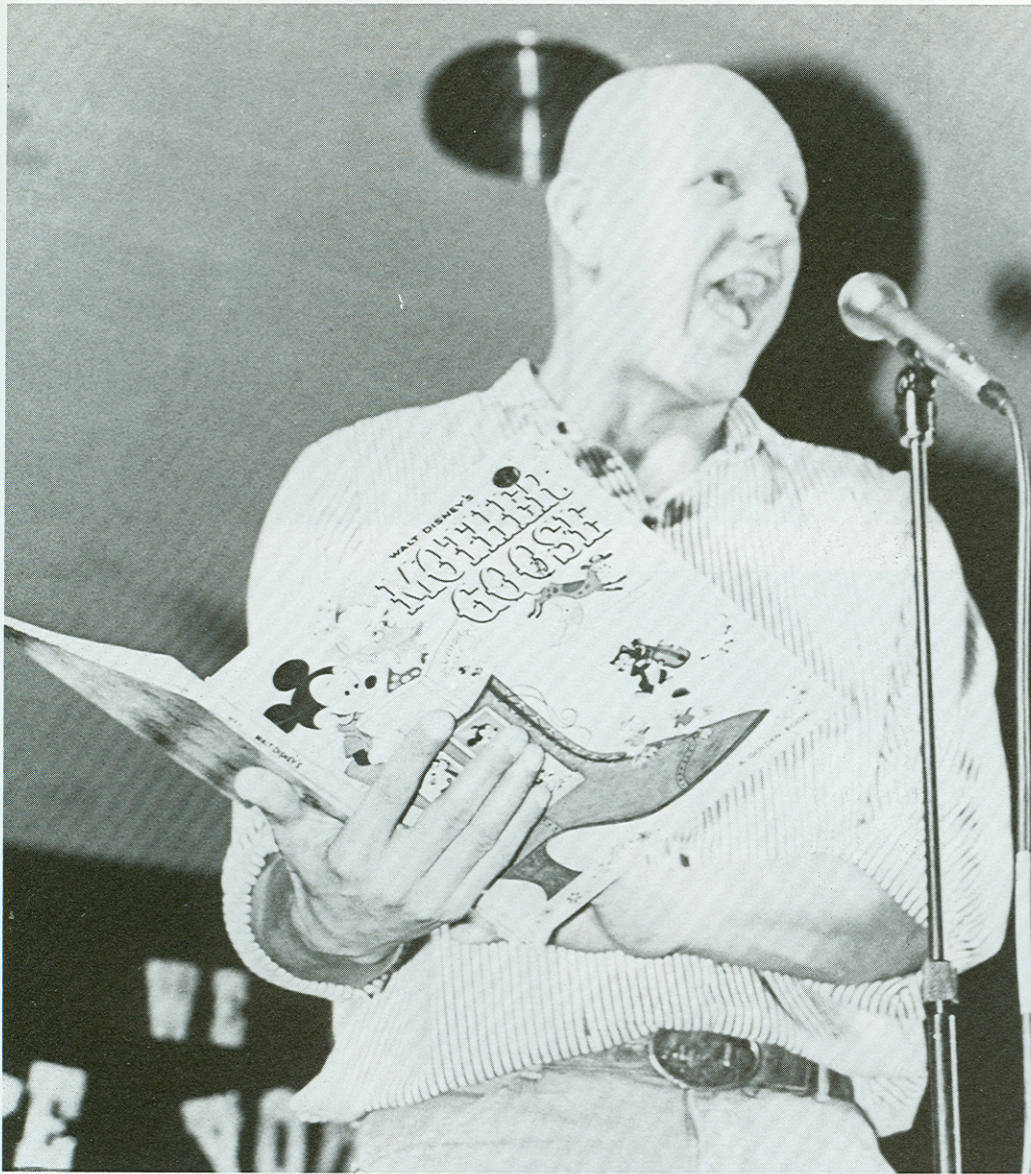

PRODUCERS AND SUBURBS

The Producers and The Suburbs played for a small but very enthusiastic crowd December 9th, 1984 in the snackbar. The concert was originally planned for the fieldhouse, but due to low ticket sales was changed to the Union Snackbar. Such hits as "Sheila", "What's He Got", and "Lucille" by the Producers and "Love Is The Law" and "Rattle My Banz" by the Suburbs proved to be real crowd pleasers and fun for the bands as well.

SNACK BAR ENTER- TAINMENT

Comedy proved to be another part of SnackBar entertainment. Three comedians known as Make Me Laugh, made the crowd laugh and offered students the chance to make a quick \$25.00 by lasting three minutes without laughing with these zany, off the wall comedians.

HOME COMING

Homecoming 1984 was a week of fun and laughs for those involved. The theme "That's Entertainment" gave court members as well as the remaining student body the opportunity to participate in many events, from the Royalty Ice Cream Social, to the Saturday morning parade. Celebrities such as Dorothy from the Wizard of Oz to the Marshmallow Man from Ghostbusters also joined in the fun.

The semi-formal coronation dance brought the music of Pat McCurdy as well as the announcement of Hovlid Hall's Dick Greening and Colleen Hartmon as King and Queen. The Homecoming game though entertaining, proved to be disappointing when Stevens Point defeated Stout 23-7. The Booze Brothers provided a fine finishing touch to an eventful weekend with an action packed show for an enthusiastic audience Saturday night in the Snackbar.

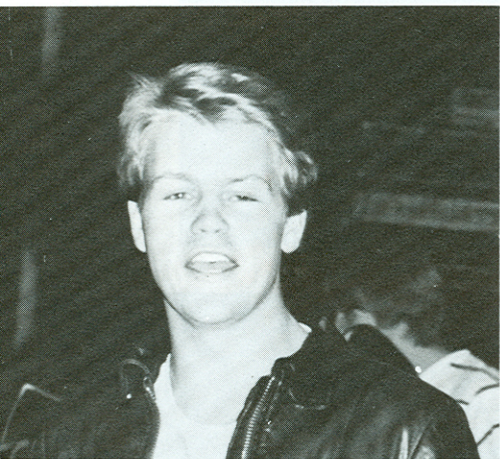

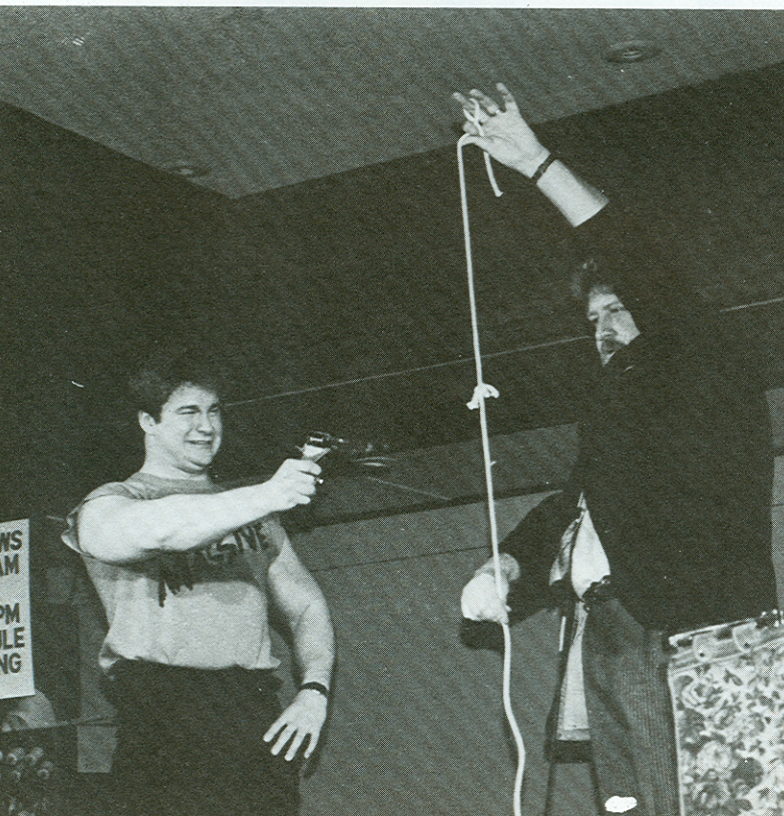

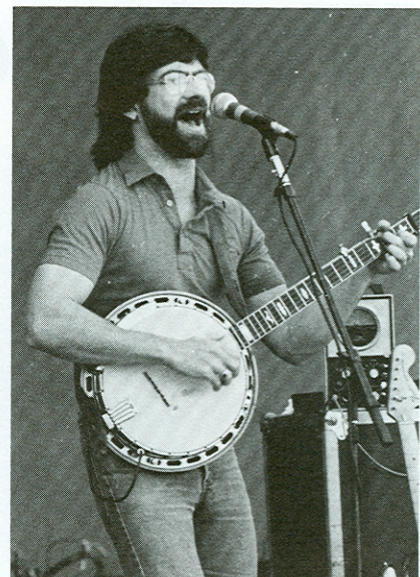

WINTERFEST

The lack of snow due to an early spring thaw tended to slow things down during Winterfest - February 24th to March 1st. Events such as a snow sculpture contest, a broomball contest and other various activities were cancelled compliments of an unpredictable Mother Nature.

Winterfest is a midwinter event scheduled to break the cold weather blues. The theme "Break That Cabin Fever" tried to incorporate various activities to help get people's minds off of winter. The weather itself managed to do that alone which didn't help contribute much to the success of Winterfest. The Special Events Commission sponsored this week long event.

SPRING FAIR

Once again Spring arrived and along with it came UW-Stout's annual Spring Fair. The beautiful weather and the numerous cases of "spring fever" enhanced this event and added to the preparation for summer. Activities ranged from entertainment at the student union to the people picture taken at Nelson Field.

Parents Weekend

Parents Weekend is designed to help the students and parents get together to better understand each other and college life. This philosophy seemed to work pretty well the weekend of April 19th. Perfect weather and many scheduled activities kept this weekend jumping. Dinners at the

Commons and Tainter Hall allowed parents an alternative to normal dining. Fashion shows, concerts, plays, Stout talent night, and a lot of other events helped give everyone a chance to see what Stout can provide for students and what keeps students busy when Mom and Dad aren't around.

AIRJAM

You may have been uptown or lounging around in your room the night of March 7th. But then again you may have been at the fieldhouse watching or participating in the 3rd Annual Campus Wide Airjam.

Fifteen brave and talented groups of people made their way onstage to impersonate their favorite groups or singers. This musical event gives people the chance to be a "star" and carry out some of their wild dreams. Groups such as Billy Idol, The Jacksons, and the first place winners Billy Joel and the Grease Monkeys with their rendition of "Uptown Girl" made their Stout debut to an enthusiastic crowd.

The winners received cash prizes and a few lucky members of the audience received door prizes. Proceeds of this event went to Kinship.

Proof of Excellence

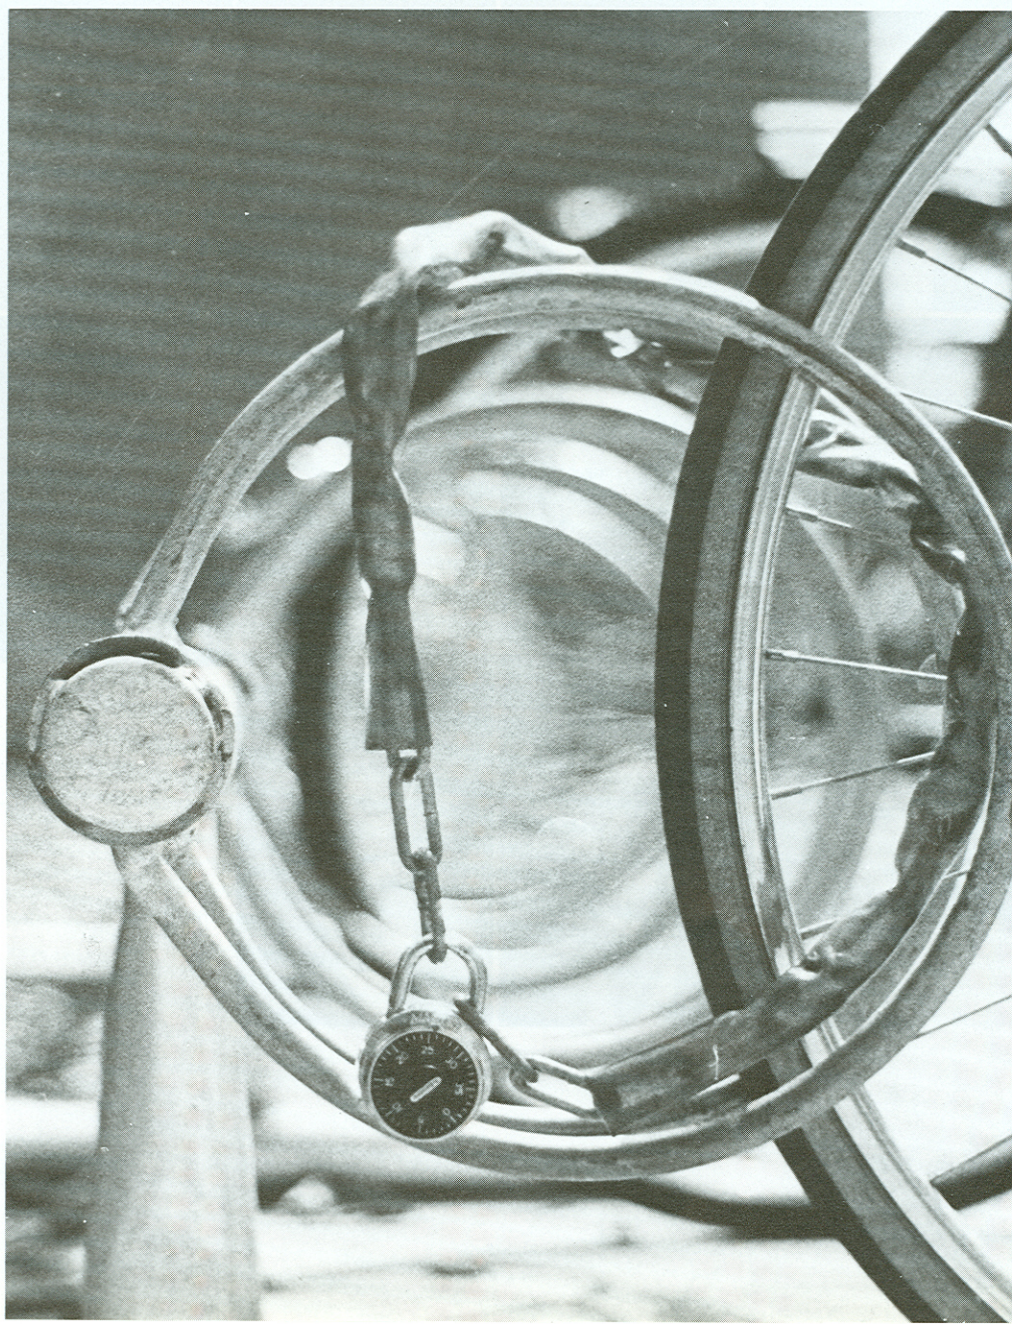

As in years past, another academic year at Stout has closed. A year is a long time and we kept pretty busy during it.

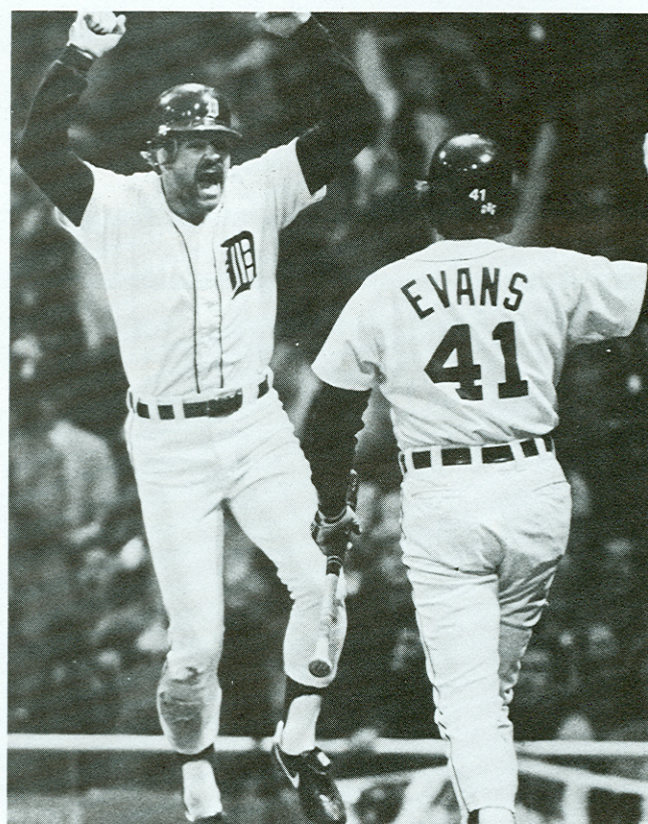

Registration, classes, and Homecoming wore us out in the beginning of the year. To help us maintain our sanity there were always quick weekends at home, long nights uptown, house parties, or simple walks with friends in the crisp fall air.

Remember the first snowball fight, wiping out on the way to class, or that great day of cancelled classes? Yes, winter. Winter proved to be very cold and very long — too long to keep most people happy. Exams, Christmas, skiing, and other fun in the snow activities kept us occupied when not in class. We were all happy to see the 1st of the snow melting away.

Never too early, spring arrived bringing with it green grass and trees, shorts and sunglasses and fun in the sun. Long days at Riverside provided a classroom alternative or a place to party on sunny weekends. Those who spent their Spring Breaks tanning in warmer climates had one step up on the students that didn't. Sunburns and faces you hadn't noticed before became a frequent thing. Graduation, and the end of the year separated Stout and the students for another three months.

Through it all we learned a lot about ourselves and others, the world around us and places far away. Who would have thought that when we came here Stout could bring us all of this?

The World Series in 1984 saw the Detroit Tigers beat the San Diego Padres four games to one. The Chicago Cubs came close to getting into the series but the Padres won. In the American League, the Kansas City Royals lost in the playoffs to the Tigers. The photo shows Kirk Gibson of Detroit jumping for joy after scoring in game five. Darrell Evans is the on-deck hitter.

Chicago Bears' Walter Payton eyes New Orleans Saints' Whitney Paul as he carries the ball on his way to setting the record for rushing. He broke the record of 12,312 held by Jim Brown.

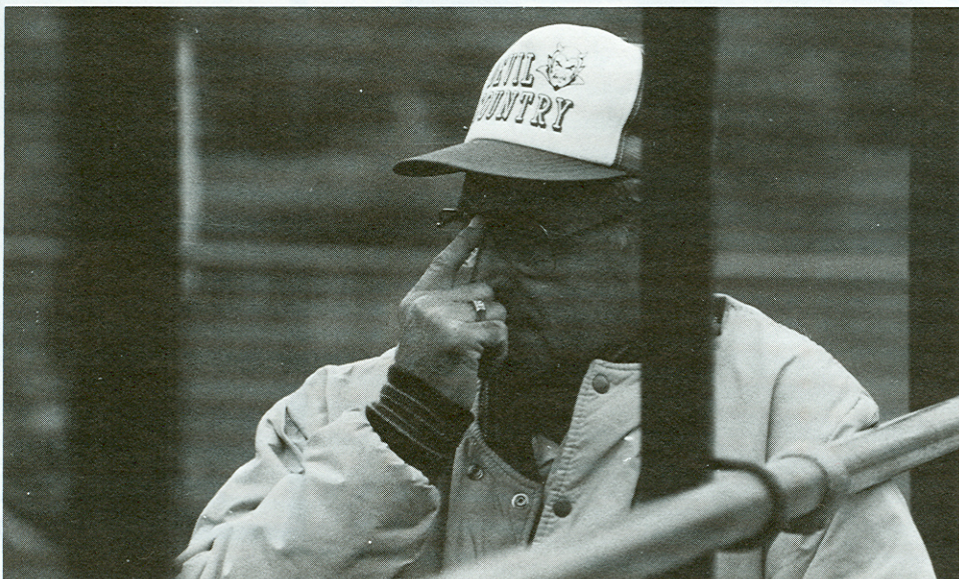

Michael Jackson conducted his so-called Victory tour to more than a dozen cities. The original ticket policy, which required fans to mail in \$120 postal money order for four tickets with no guarantee that they could receive tickets, was shelved after much criticism.

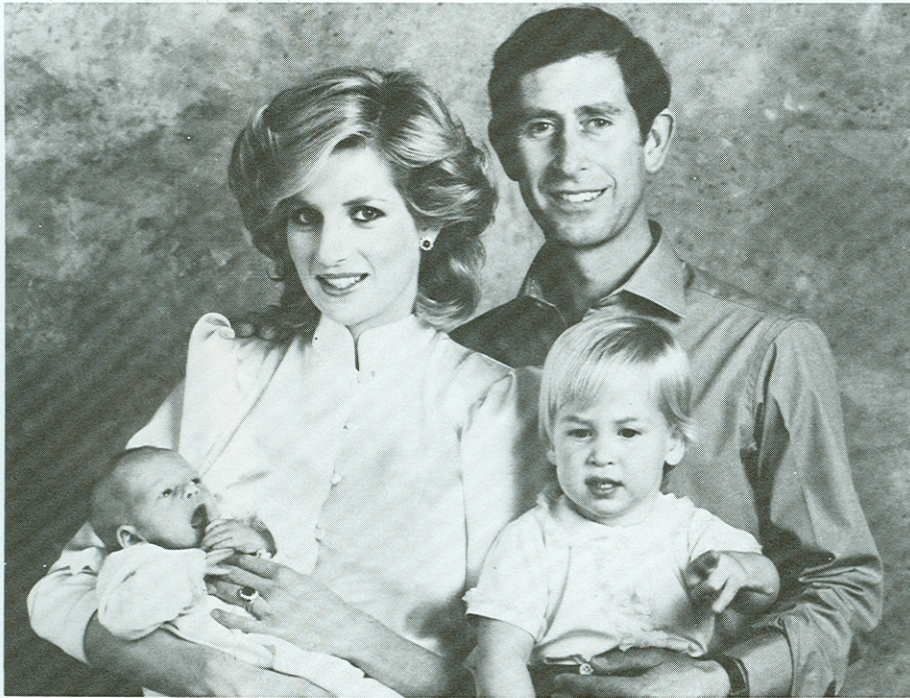

Democratic presidential candidate Walter Mondale made history when he chose a woman, Geraldine Ferraro as his vice presidential running mate. Mondale and Ferraro were nominated on the Democratic ticket at the party convention in San Francisco in July. He announced early in his campaign that to lower the federal deficit increased taxes would be necessary.

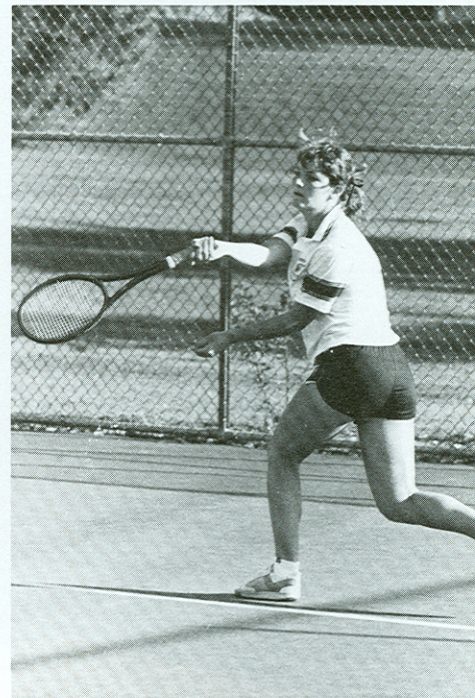

Vanessa Williams was forced to surrender her title as Miss America at the request of pageant officials because she had posed nude for sexually explicit photos. She became the first of 57 Miss Americas to be forced to resign. Suzette Charles, the first runner-up became the 58th Miss America. She crowned Sharlene Wells, Miss Utah, at the Atlantic City Pageant in September.

Princess Diana gave birth to Prince Harry in late 1984. The photo shows Prince Charles and his other son, two-year old Prince William.

Washington, Jan. 21 — I Ronald Reagan — President Ronald Reagan repeats the oath of office of the president as his wife Nancy holds the Bible during the ceremony under the Rotunda of the Capitol in Washington Monday. Chief Justice Warren Burger is at right.

Mission specialist Bruce McCandless takes a walk in space in early 1984. In the photo he is seen using the so-called manned maneuvering unit as he moved away from the Shuttle Challenger during the eight-day space mission.

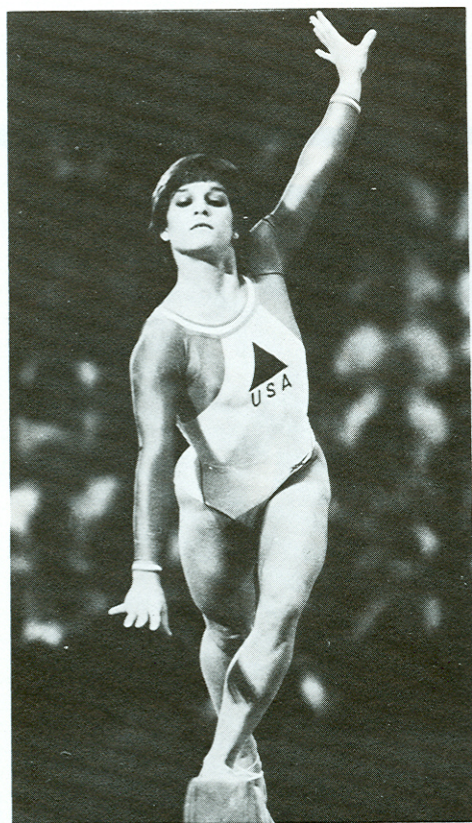

The Statue of Liberty celebrated her 98th birthday in 1984 and she began to show her age. The statue was worn from constant pummeling by wind, salt air and acid rain, and the iron ribbing supporting the copper covering was badly corroded. A two-year restoration began in July 1984. It included a new gold-plated torch.

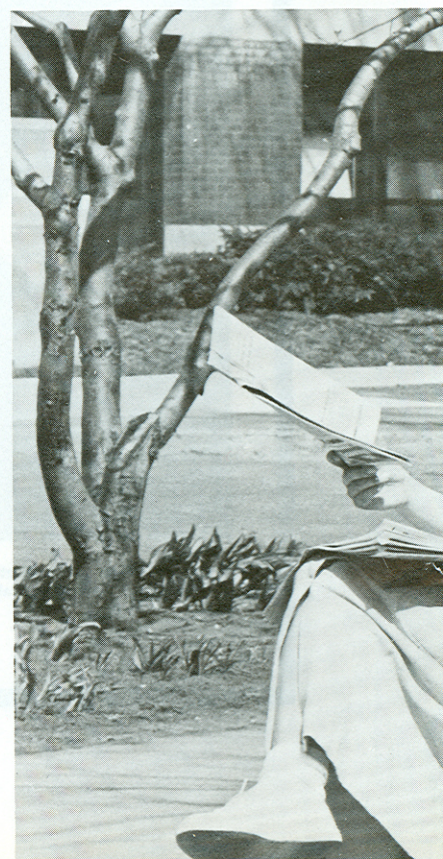

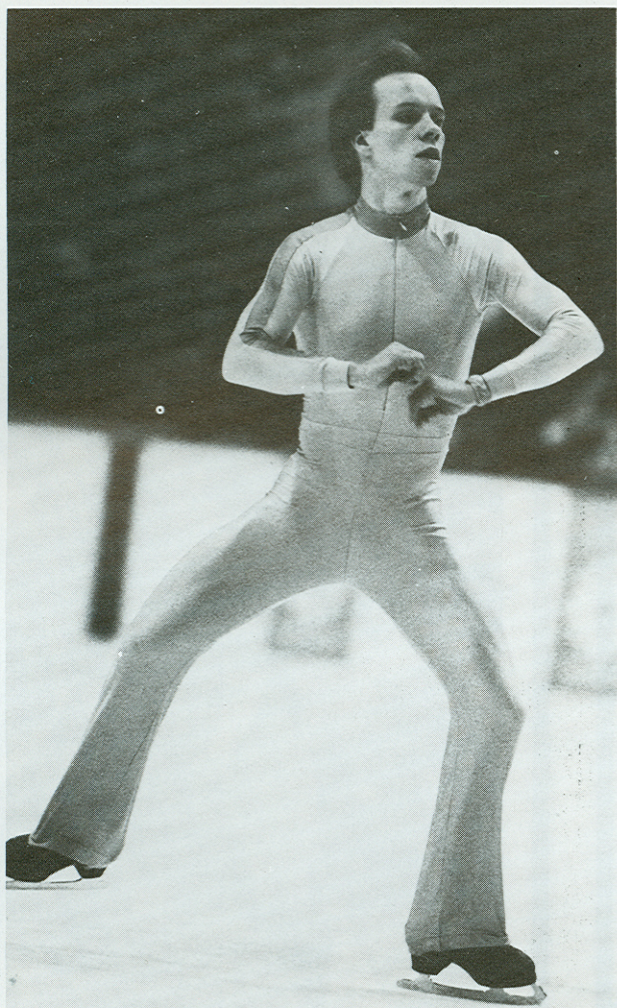

President Reagan won re-election with the biggest electoral vote in the nation's history. He won 49 states with 49 percent of the total vote. The photo shows President Reagan at the victory celebration on election night, November 6, 1984.

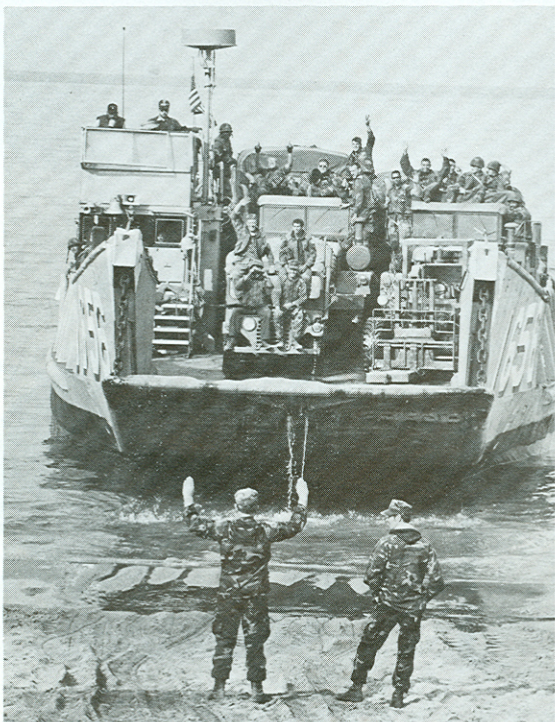

The United States did very well in the Summer Olympics, winning 83 gold medals, 61 silver and 30 bronze. Carl Lewis won four gold medals — the 100 meters, the 200 meters, the four 100 meter relay and the long jump. May Lou Retton won the all-round gold medal and led the gymnastic team to a silver medal; she also won bronze medals for the floor exercise and the uneven parallel bars and took a silver medal for the vault. The Soviet Union and other Communist countries boycotted the Summer Olympics.

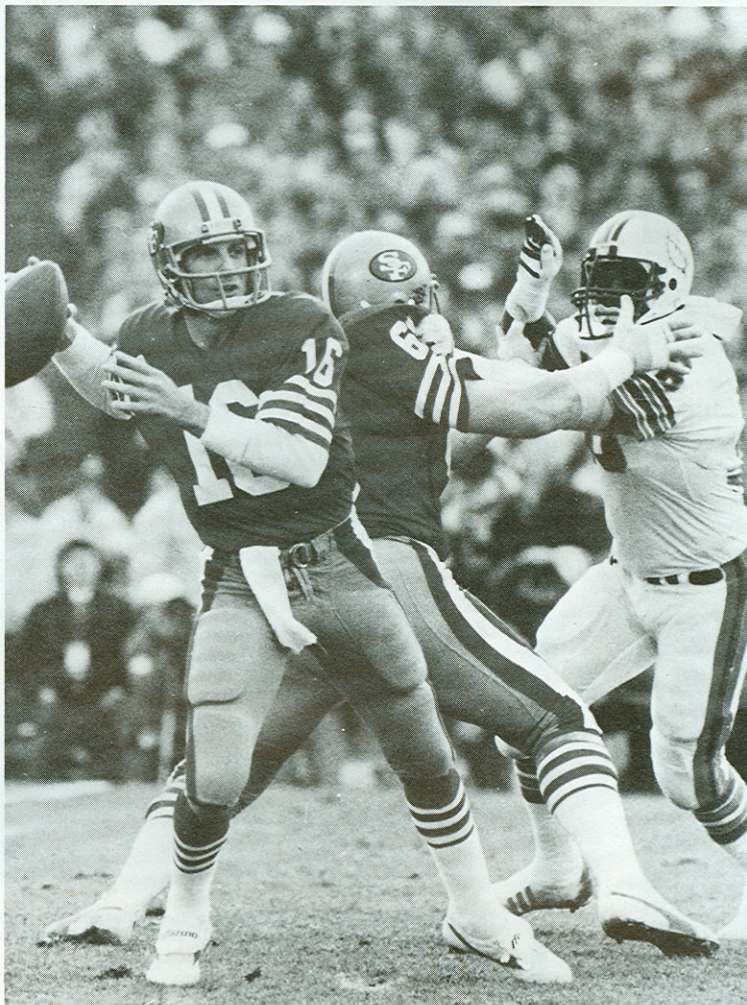

The Winter Olympics in Yugoslavia saw the United States win four gold and four silver medals. Scott Hamilton won a gold in the men's figure skating and Steve Mahre won the gold medal in the Giant Slalom skiing event.

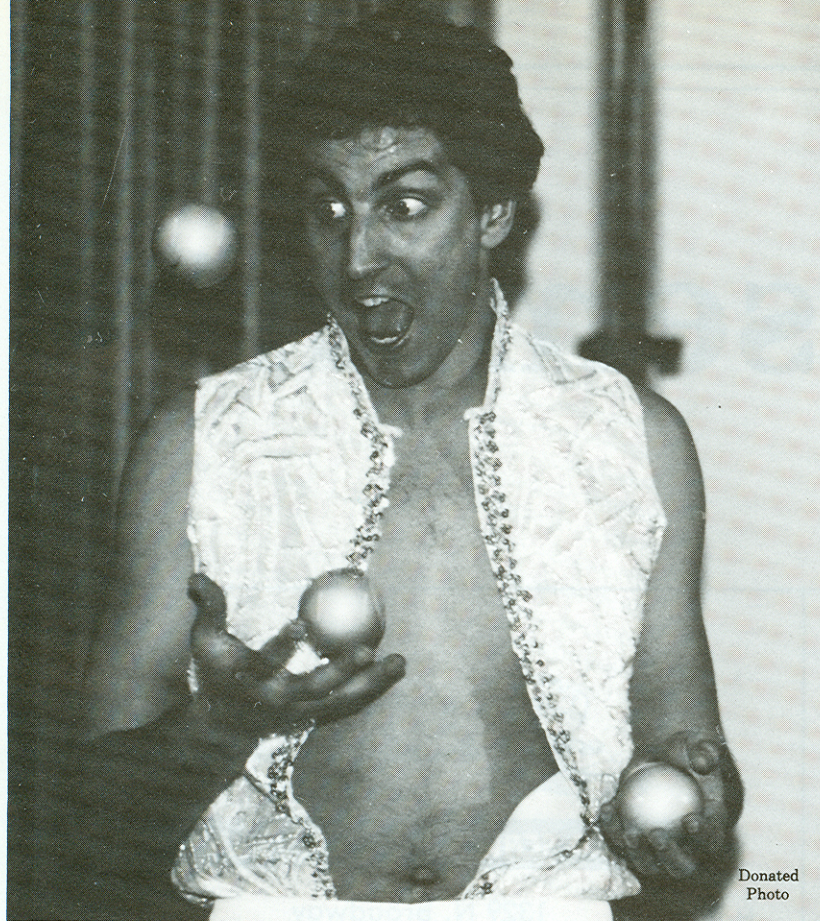

The United States Marines arrived in Beirut in 1982. Lebanon was torn by civil war and foreign invasion. In 1984 when the Marines left, more than 260 Marines were dead, Lebanon was still at war with most of its territory occupied by foreign troops and its government tottering. The price of President Reagan's commitment was too high and the Marines left Beirut.

Discovery of Excellence

Editor's Note

For some of us the search is over but for others the search has just begun. The 1985 Tower staff has put in many hard working hours capturing the achievement of excellence among the students, faculty, and staff of UW-Stout. Through this search we've learned more about ourselves and others, the value of a good education, and the opportunities that lie ahead for each and everyone of us. We have captured excellence here at UW-Stout both in photography and in words. Our division pages profiled some of the many discoveries of excellence here at Stout. The people we chose to profile were recommended by other students and faculty members.

Capturing the discovery of excellence wasn't easy. We had to be at many places at the same time and the Tower experienced some difficulties. About mid-year we were forced to change publishers causing difficulties in deadlines and changes in procedures. Thanks to our advisor Howard Foreman, Walsworth Publishing Company, and Diane Hjetler, we managed to pull things together. We are proud of what we have produced and we hope you are. Treasure your Tower Yearbook, it's proof of excellence.

Colophon

Nine hundred copies of the 1985 Tower were printed by Walsworth Publishing Company Inc., Marceline, Missouri 64658. The Tower is a 9 by 12 inch yearbook containing 166 pages, 80# enamel paper, eight of which are color. Our book also contains six pages of cherry red spot color in the faculty section. The cover is red with a silver hot foil and a black silkscreen. The body copy is 8 and 10 pt. Century type.

The news photographs in the closing section were used with the permission of Wide World Photo, New York. The senior photo's were taken by Goheen Studios, Eau Claire, WI and all the residence hall photos were taken by Ron Buckley, Eau Claire, WI.
